Company Profile

Déco SpA, **founded in 2010** in Bergamo, Northern Italy (close to Milan), by **Mattia Bambi, Eugenio Lorenzo Caselli and Paolo Damiani**, has established itself in the last decade as a leading player in its sector thanks to its attention to design, its listening to the market and constant focus on innovation, its high brand perception and the very elevated standard of the products offered.

The Company boasts a specialization and a range of collections that are unique in the Italian panorama of **outdoor coverings** (Ultrashield, Décowood, Firewall, Panorama) and **outdoor furniture** (Terraforma), combined with a wide range of revolutionary products dedicated to **indoor flooring** (Clap!) and **wall decoration** (Twix and Moove), all through an approach that is increasingly digital and highly innovative even for the European market.

Déco is the benchmark for its sector, a partner for the professional and a well-known brand that in a short time has been synonymous with design and innovation.

The Déco project is immediately successful: the company constantly sees its turnover grow, quickly establishing itself in both the Italian and international markets, receiving regular recognitions for its remarkable growth capacity: the constant increase in turnover has led Déco to be included, starting from 2018 and until today, among the companies with the highest growth rate at Italian and European level in the rankings drawn up by prestigious newspapers such as *Il Sole 24 Ore*, *Repubblica Affari & Finanza*, *Financial Times*.

With a turnover in the range of **35 million euros**, the company operates in both the residential and public and contract markets and is present in more than **1.500 specialized retailers with distribution in more than 15 European and non-European countries**.

In 2023 a new turn: the company has entered into a partnership with Auctus Capital Partners AG for growth in Italy and Europe. The entry of Auctus has the aim to facilitate the penetration into new markets and access to excellence complementary to our own, with adequate means for the ambitious goals that the company has set for the next years.
